TEXTO A: Housing and youth

QUESTIONS. Do not copy literally from the text. (1 punto por respuesta = 4 puntos)

1. The word 'home' used to be related to the idea of stability and a sense of belonging to a community, of having a pet, of doing anything you fancied, of having a friendly relationship with your neighbours.
2. Young people who are not in education, employment or training (NEETs), young people with children, disabled young people, and those who are not comfortable living with family.
3. A young person can eventually become homeless by living like a nomad: moving with friends from place to place, trying to find a job while struggling to study, asking people for borrowed money they cannot return.
4. A person is considered an adult when they have a job and no longer live with their parents. Therefore, being able to afford some type of housing (renting or buying) becomes a major factor for adulthood.
5. Fill in the gaps with the correct, most appropriate word in each case. **(0,25 por acierto = 1 punto)**

- A) to / towards
- B) regarded / seen
- C) their
- D) means / implies

6-A. Rephrase the following sentences so that their meaning is as similar to the original as possible. **(0,25 por acierto = 1 punto)**

- a) It was such an unexpected remark that she didn't know what to say.
- b) Without her help, I wouldn't have passed the exam.
- c) Amy apologized for being rude to me the day before / the previous day.
- d) I was born in Cairo.

7-A. Write a composition about the following topic (100-120 words) **(4 puntos)**: What are your future plans for housing and living away from your parents?

TEXTO B: Virtual reality

QUESTIONS. Do not copy literally from the text. (1 punto por respuesta = 4 puntos)

1. Experts say that VR may change for the better the way we live, work and play. VR will revolutionize how we do things in communication, learning and even healthcare.

2. VR started in the early 1990s as a research tool for human psychology. It had a difficult start because it was extremely expensive and patients said they had some physical discomfort: headaches, sore eyes, motion sickness.

3. Children from developing countries who are not in school can benefit greatly from VR. By putting a headset on, they can feel that they are in a classroom of one of the top schools in the world. Having a headset on means much more than passively watching a screen.

4. VR is used as a high-tech technique to keep patients distracted during an operation, relieving the pain and stress of surgery. In comparison, VR is safer and cheaper than sedatives and painkillers.

5. Fill in the gaps with the correct, most appropriate word in each case. **(0,25 por acierto = 1 punto)**
